

DAH Layout

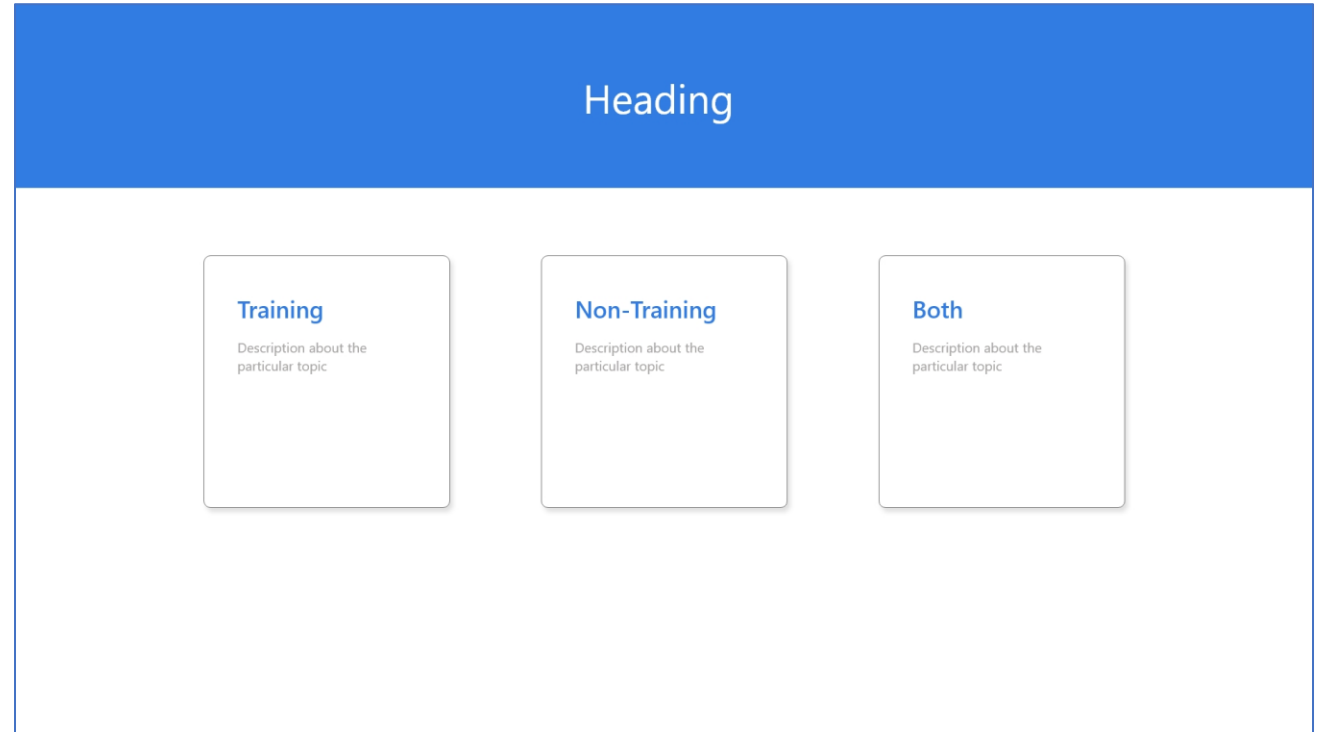

By Tejashree Apte

Training layout 1

In this layout you may find the categories you need in an horizontal manner.

The blue colour filled box depicts the menu and the image from the website along with the heading for the page.

Each particular box of category has sufficient space to understand it's functionality by reading the description. By clicking on the box or model, you may end up getting the details and models sorted category wise.

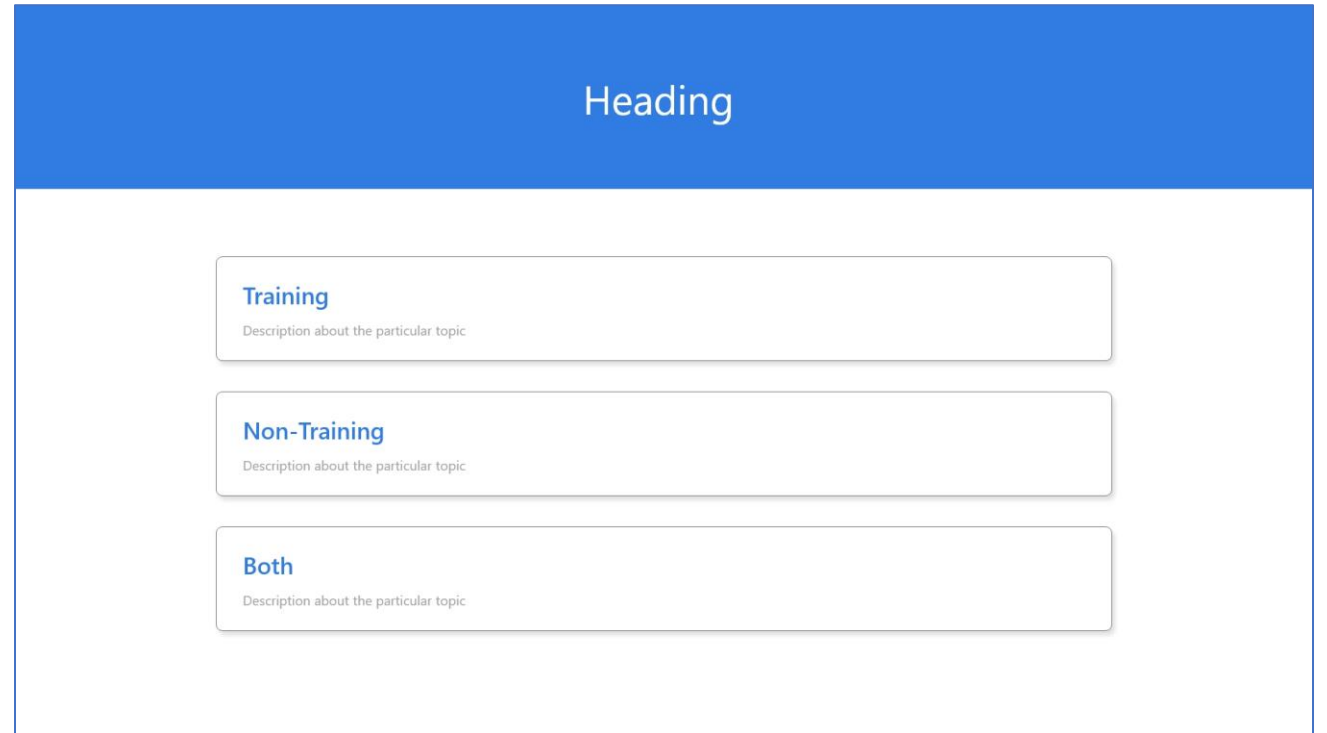

Training layout 2

In this layout you may find the categories you need in an vertical manner.

The blue colour filled box depicts the menu and the image from the website along with the heading for the page.

Each particular box of category has sufficient space to understand it's functionality by reading the description. By clicking on the box or model, you may end up getting the details and models sorted category wise.
